Documentation style used: _____APA _____MLA _____What other used

| | Accomplished | Developing | Novice |
|-------------------------------|---|--|--|
| Sources | An interesting variety of the required 10 research resources required from 3 different sources | 6-9 resources are cited from 1-2 different sources. The assignment's research requirements are close to being met | There are not 10 resources; most sources are selected from only 1 source type ; Lacking assignment's research requirements |
| Appropriate sources for topic | Information is appropriate and clearly relevant to chosen topic. | Most information is appropriate and relevant to the chosen topic; some is not | Few, if any, of the information sources are relevant to the topic & most do not reflect chosen topic |
| Quality of resources | Sources have been published within the last 5 years and/or date published is appropriate ; sources & information are reliable | About ½ the sources have current or appropriate publishing dates; most but not all source/information are reliable | Few of the sources have current or appropriate publishing dates; sources & information are not reliable |
| Citation | All sources are documented accurately according to the required citation style | A few errors on some sources appear in the documentation of a source | The documentation style is inconsistent and/or significantly incorrect. |
| 12 points possible | | | |
