

Google Scholar

<http://scholar.google.com/>

The scholarly version of Google. Use this tool for college level research.

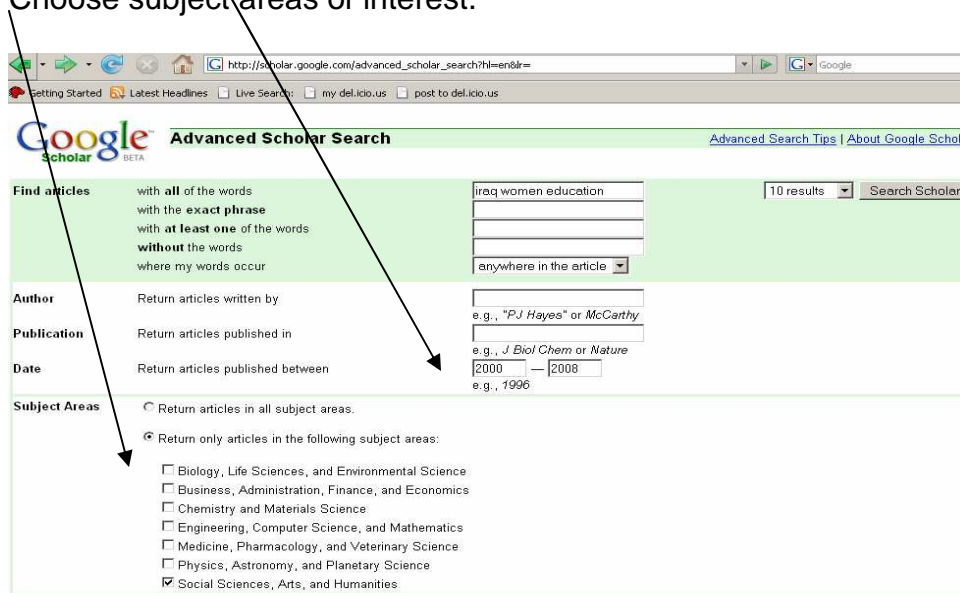

Keyword search from main screen

Use advanced search for more precise results.

Set date limits.

Choose subject areas of interest.

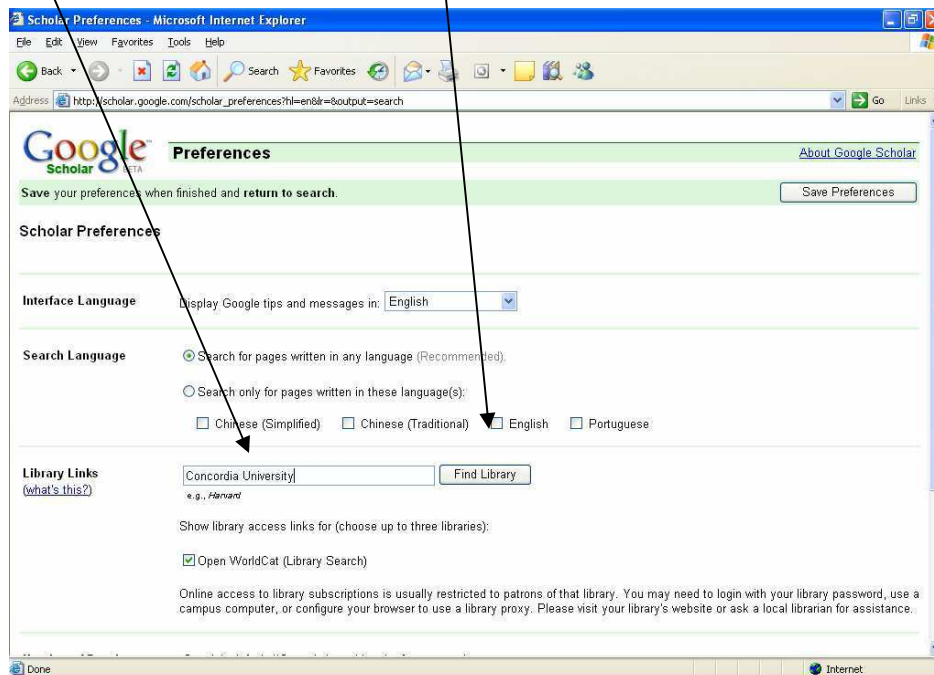

Notice that there are many results from this initial search.
Some articles are available full text at Concordia.
Use the library link to find if the book is available in CLICnet.

Customizing Google Scholar for Your Library

Setting Google Scholar to link to Concordia University Library's holdings

- Select "Scholar Preferences" Type "Concordia University" in the "Library Links" search box. Click on "Find Library."

- Place a check in the “Concordia University, St. Paul” box, and click on “Save Preferences.”
